Weakness has always been a concern for William Miller: growing up vegetarian in a family of bodybuilders will do that to a person. But William is further weakened by the death of his mother, the arrival of a new step-mother, and his irrepressible crush on his new step-sister, Lulu. As Lulu faces down her own challenges, William watches his life shift into tumult and despair. Once Lulu departs for college, Will goes into the world to find himself — discovering Western philosophy, a cruel dating world, enduring friendship, and, ultimately, his true calling. Emboldened by his turn as a late-night radio personality, Will rescues himself from the self-image of weakness he'd long wished to escape. This debut novel explores the fundamental difference between where we come from — and the endless possibilities of where we may go.
