## **Portal Hypertension (Clinical Gastroenterology)** Arun J. Sanyal, Vijay H. Shah

A cutting-edge review of the latest findings on key scientific topics and the best strategies for evaluation and management of portal hypertension in the clinic. Writing in an easy-to-read style, the authors review its pathobiology, the progress being made in its experimental understanding, the methodologies to assess it in humans, the treatment of its complications (esophageal varices, ascites, and hepatorenal syndrome), and its treatment in special circumstances (during pregnancy, in children, or when the portal vein is blocked). They also provide in-depth coverage of the pros and cons of the various therapeutic choices available to the clinician managing patients with complicated portal hypertension.
