**Los mejores libros jamás escritos.**

**«[...] el corazón me ha pasado;  
ya ningún remedio siento, sino vivir más pesado.»**

Una de las expresiones más distintivas de la poesía castellana medieval son los romances y su recopilación en los llamados romanceros. La presente edición es una fiel muestra de su enorme popularidad, su vastísima producción y su variedad temática: en este volumen, que constituye un renovador y riguroso acercamiento al romancero, se recogen poemas épicos, históricos, fronterizos, novelescos, bíblicos y clásicos.

Esta antología, realizada por la profesora de la Universidad Complutense de Madrid María Teresa Barbadillo, también da cuenta de las más destacadas muestras de otras formas de lírica tradicional, excepcionalmente vigorosa en la literatura española del medioevo, como las jarchas, las cantigas de amigo y la poesía de cancionero. Vienen acompañadas, además, de una introducción, anotaciones y apéndices, que facilitan la comprensión y el trabajo sobre los textos propuestos.
