## The Routledge Companion to Religion and Science (Routledge Religion Companions)

The field of religion and science is one of the most exciting and dynamic areas of research today. This Companion brings together an outstanding team of scholars to explore the ways in which science intersects with the major religions of the world and religious naturalism. The collection provides an overview of the field and also indicates ways in which it is developing. Its multicultural breadth and scientific rigor on topics that are and will be compelling issues in the first part of the twenty-first century and beyond will be welcomed by students and scholars alike.
