Barney Barnfather: Life on a Spitfire Squadron Angus Mansfield

Riversdale Robert 'Barney' Barnfather was an RAF fighter pilot who flew Spitfires in action almost continuously from November 1941 until the end of the war in Europe. Barney was often in the thick of the fighting and saw action in the offensive sweeps over France, in the desperate air battle for Malta, the fighting in North Africa, the invasions of Sicily and Italy, and finally on the fringes of the Third Reich over Austria in 1945. This type of experienced and brave pilot formed the backbone of Fighter Command and after many operational flying hours, clashes with enemy aircraft and even a mid-air collision, he survived it all relatively unscathed. Thanks to the fascinating personal log book that Barney kept of his experiences, the contributions from his former colleagues and extensive historical research, Angus Mansfield has produced a detailed and enthralling history of a Spitfire pilot's escapades thousands of feet above the battlefields of the Second World War.
