The Strange Case of Origami Yoda (Origami Yoda series Book 1) Tom Angleberger

Not so long ago, in a middle school not so far away, a sixth grader named Dwight folded an origami finger puppet of Yoda. For class oddball Dwight, this wasn't weird. It was typical Dwight behavior. But what is weird is that Origami Yoda is uncannily wise and prescient. He can predict the date of a pop quiz, guess who stole the classroom Shakespeare bust, and save a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, hailed by School Library Journal as "honest, funny, and immensely entertaining."
