Who Is The Antichrist Beast? Will Clark

Who is the Antichrist? We now know. This short book provides the clear answer.

Almost two thousand years ago the Apostle John knew there would be many antichrists, and asked the question; how will we know which is the antichrist? He could not have had the answer at that time because the antichrist did not appear until seven hundred years later.

Since that time many have wondered and asked that same question. But, the question has never been answered with conviction. That answer has been illusive based on two conditions. First, many assumed the word 'antichrist' described someone who is against Christ, and was waging war against Christians for that purpose. That wrong interpretation of the word has clouded many attempts to identify the real antichrist. For example, in the recent past many thought Adolph Hitler and Joseph Stalin might be the antichrist because their actions were so far removed from Christ's teachings. Many have searched for the identity of the antichrist with that wrong interpretation of the word. Second, the time of the antichrist was unknown.

Antichrist is actually an identifier of one who claims to take the place of Christ. And, throughout history many have claimed that position. Two recent examples are David Koresh and Jim Jones. Koresh actually claimed to be Jesus, and went to Israel to solicit followers. He failed. Jim Jones never openly claimed to be Christ, but when asked his answers never disclaimed that possibility.

This short book is very specific, detailed and pointed. It merges history and time with prophesy and compares those with Revelation to reveal the real and true antichrist mentioned in the Bible, especially in the letters from Apostle John. When all that segmented information is combined they reveal the true antichrist, described in Revelation as the 'Beast.' That person was Muhammad, who appeared approximately seven hundred years after Christ was crucified. This book provides that clear and undeniable proof.
