101 Funny Things About Global Warming Sidney Harris

In this unexpectedly refreshing look at today's most inconvenient truths, acclaimed cartoonist Sidney Harris looks at global warming, with a little help from his friends. Featuring never-before-seen work from artists like long-time New Yorker contributors Matt Diffee, Sam Gross, and Lee Lorenz, among others, *101 Funny Things About Global Warming* makes light of hot-button environmental issues, like unreliable hybrid cars, pie-in-the-sky alternative energy sources, and the existential crisis of our own biodegradable nature. Provocative, timely, and endlessly funny, *101 Funny Things About Global Warming* fits into the growing trend of ecocentric public events and media coverage by pointing out in black and white how far we've come-and how far we still have to go-in improving the state of the world.

"Great comedy can make you laugh and open your mind at the same time, and *101 Funny Things About Global Warming* succeeds at both."-Global Warming Activist and Producer Laurie David

Praise for Sidney Harris:

"The humor in science that is most widely laughed at comes from nonscientists, like the cartoonist, Sidney Harris."-New York Times Book Review

"Harris is a treasure."-American Scientist

"What's so funny about science? Sidney Harris, that's what."-Isaac Asimov
