Fisher Investments on Health Care (Fisher Investments Press) Michael Kelly, Andrew S. Teufel
The Fisher Investments On series is designed to provide individual investors, students, and aspiring investment professionals the tools necessary to understand and analyze investment opportunities—primarily for investing in global stocks.

Each guide is an easily accessible primer to economic sectors, regions, or other components of the global stock market. While this guide is specifically on Health

Care, the basic investment methodology is applicable for analyzing any global sector, regardless of the current macroeconomic environment.

Following a top-down approach to investing, *Fisher Investments on Health Care* can help you make more informed decisions within the Health Care sector. It skillfully addresses how to determine optimal times to invest in Health Care stocks and which Health Care industries have the potential to perform well in various environments.

- Explains some of the sector's key macro drivers—like its defensive characteristics, economic cycles, and investor sentiment
- Shows how to capitalize on a wide array of macro conditions and industry-specific features to help you form an opinion on each of the industries within the sector
- Takes you through the major components of the industries within the global Health Care sector and reveals how they operate
- Offers investment strategies to help you determine when and how to overweight specific industries within the sector
- Outlines a five-step process to help differentiate firms in this field—designed to help you identify ones with the greatest probability of outperforming

Filled with in-depth insights, *Fisher Investments on Health Care* provides a framework for understanding this sector and its industries to help you make better investment decisions—now and in the future. With this book as your guide, you can gain a global perspective of the Health Care sector and discover strategies to help achieve your investing goals.
