This compilation of reader response to Jonathan Edwards, spanning 276 years, includes a reprint of two earlier works ? Jonathan Edwards: A Reference Guide (1981) and Jonathan Edwards: An Annotated Bibliography (1994) ? and the publication of a third, a gathering of commentary from 1994 to 2005. Nearly 140 essays have been added to the first and second works, while the last new gathering ? which includes a celebration of the tercentenary of Edwards??s birth ? adds another 700 to the whole. The text preserves the pattern of arranging items alphabetically within a given year and of recording cross-references. Essays in a collection are annotated serially rather than alphabetically. Each of the three sections is self-contained with an introduction and annotated bibliography of its own. Adding to the immense value of this work to Edwards scholars are the chronology of Edwards??s works, listed by date and by short and long title, which precedes the entire work, and the three comprehensive indexes ? of authors and titles, of subjects, and additions to the previous volumes.
