The Mortal Wounding of Stonewall Jackson: A UNC Press Civil War Short, Excerpted from *Chancellorsville: The Battle and Its Aftermath*, edited by Gary W. Gallagher (UNC Press E-Book Shorts) Robert K. Krick

The stunning Confederate victory at Chancellorsville came at an enormous cost: an estimated 13,000 Confederate casualties. The most prominent, of course, was Stonewall Jackson, who was wounded by friendly fire and died several days later, on 10 May 1863. This Civil War Short presents Robert K. Krick's authoritative investigation into the incident that resulted in Jackson's death. This work was originally published as "The Smoothbore Volley That Doomed the Confederacy" in *Chancellorsville: The Battle and Its Aftermath*, edited by Gary Gallagher, which places the Chancellorsville campaign in a broad context and demonstrates how its significance reverberated beyond the battlefield.

UNC Press Civil War Shorts excerpt rousing narratives from distinguished books published by the University of North Carolina Press on the military, political, social, and cultural history of the Civil War era. Produced exclusively in ebook format, they focus on pivotal moments and figures and are intended to provide a concise introduction, stir the imagination, and encourage further exploration of the topic. For in-depth analysis, contextualization, and perspective, we invite readers to consider the original publications from which these works are drawn.
