Neuroeducación para padres (Spanish Edition) Nora Rodríguez

La reciente explosión de conocimiento sobre el cerebro invita a examinar cómo son educados los niños tanto en la familia como en los colegios. En la actualidad, es absolutamente inútil e incompatible educar sin hacerlo de un modo relacionado con el cerebro.

Padres y profesores pueden convertirse en excelentes diseñadores de aprendizajes con sólo ajustarse a los avances de las neurociencias.

«Este libro rompe con viejos esquemas. Si antes el objetivo de los libros sobre educación era, en mayor medida, la salud mental y física, este libro va más allá y explora cómo educar a los niños para que sean, pero por encima de todo, felices.

Un libro para reflexionar, compartir y para ser estudiado, porque en cada capítulo no solo hay conceptos nuevos, sino infinidad de aspectos a los que prestarle más atención para ayudar a nuestros hijos a tener relaciones más sanas, y que la relación del niño consigo mismo también lo sea.

Este libro da las herramientas necesarias para que padres y educadores se conviertan en guías y soportes, para que todos seamos más que guardianes de nuestros hijos. Unas herramientas para despejarles el camino, que ellos harán por su propia motivación; el camino que recorrerán naturalmente, el de ser genuinamente ellos mismos.»

Del prólogo, Nadia Szeinbaum, Dra. en Microbiología del Georgia Institute of Technology, Atlanta.

From reader reviews:

Angie Dean:

What do you concentrate on book? It is just for students since they're still students or this for all people in the world, the particular best subject for that? Merely you can be answered for that question above. Every person has different personality and hobby per other. Don't to be pressured someone or something that they don't desire do that. You must know how great in addition to important the book Neuroeducación para padres (Spanish Edition). All type of book can you see on many sources. You can look for the internet resources or other social media.

Mohammed Thomas:

Hey guys, do you wants to finds a new book to study? May be the book with the name Neuroeducación para padres (Spanish Edition) suitable to you? The book was written by well-known writer in this era. Often the book untitled Neuroeducación para padres (Spanish Edition) is the main of several books in which everyone read now. This particular book was inspired many men and women in the world. When you read this e-book you will enter the new age that you ever know before. The author explained their idea in the simple way, thus all of people can easily to understand the core of this reserve. This book will give you a great deal of information about this world now. In order to see the represented of the world within this book.

Marisa Reber:

Your reading sixth sense will not betray you, why because this Neuroeducación para padres (Spanish Edition) reserve written by well-known writer who really knows well how to make book which might be understand by anyone who also read the book. Written in good manner for you, leaking every ideas and publishing skill only for eliminate your current hunger then you still skepticism Neuroeducación para padres (Spanish Edition) as good book not just by the cover but also from the content. This is one reserve that can break don't assess book by its protect, so do you still needing a different sixth sense to pick that!? Oh come on your examining sixth sense already said so why you have to listening to an additional sixth sense.

Mark Hoffman:

As a college student exactly feel bored to help reading. If their teacher questioned them to go to the library or to make summary for some guide, they are complained. Just very little students that has reading's soul or real their pastime. They just do what the professor want, like asked to go to the library. They go to right now there but nothing reading seriously. Any students feel that examining is not important, boring as well as can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this age, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. So , this Neuroeducación para padres (Spanish Edition) can make you experience more interested to read.
