El reformismo social en España (1870-1900): En torno a los orígenes del estado del Bienestar (Spanish Edition) Miguel Ángel Cabrera

Surgido a finales del siglo XIX, el reformismo social es un componente fundamental de la historia contemporánea de España, pues constituye la etapa inicial del proceso de gestación e implantación del Estado del Bienestar. El objetivo de este libro es ofrecer un detallado análisis de la génesis y la naturaleza del reformismo social español, con el fin de arrojar nueva luz sobre los orígenes y las causas de aparición del Estado del Bienestar contemporáneo. La conclusión primordial a la que se ha llegado en la investigación sobre el tema es que el origen del reformismo social se encuentra en la crisis de credibilidad experimentada por el régimen económico y político liberal, como consecuencia de su incapacidad para instaurar el orden social estable, igualitario y carente de conflictos previsto en el paradigma teórico liberal y en su filosofía de la historia basada en la noción de progreso.
