La palabra de paso (Escuadra y Compás) (Spanish Edition) Olivia Salmón-Monviola

El propósito de este trabajo es estudiar la sociedad masónica madrileña del primer tercio del siglo XX a través de sus producciones culturales. Se extraen las especificidades, las redes, las obligaciones, las articulaciones y las conexiones de la evolución de la francmasonería madrileña a comienzos del siglo XX en su contexto político, social y cultural. El periodo elegido (1900-1936) corresponde a una época de transformaciones políticas, ideológicas y sociales en España, que tarda en salir de la crisis finisecular anterior. El primer tercio del siglo XX se define, igualmente, como una etapa de crisis repetidas en la que España buscaba todavía su horizonte y tomaba conciencia de que los sistemas políticos de comienzos de siglo se volvían cada vez más caducos. Esta crisis que sacudía el país fue el origen de una nueva conciencia política, personificada en el republicanismo. Al mismo tiempo, el movimiento anarquista se extendía por las ciudades y los campos, y se instalaban el movimiento nacionalista catalán y el movimiento obrero que, tanto por la vía sindical de UGT o política de PSOE, tomaba cada vez más auge en ciudades como Madrid.
