Development, Human Rights and the Rule of Law is a collection of papers that covers various concerns in the preservation of human rights in the context of development and legal systems.

The title details the concept of “development,” “human rights,” and the “right to development.” Next, the selection deals with the topics that cross paths with human rights, such as militarization, agrarian reform, and labor and social legislation. The text also covers the role of the lawyer, along with legal assistance.

The book will be of great use to political scientists, economists, behavioral scientists, and sociologists.
