Design for Environmental Sustainability

Carlo Arnaldo Vezzoli, Ezio Manzini

Design for Environmental Sustainability Carlo Arnaldo Vezzoli, Ezio Manzini

“Design for Environmental Sustainability” is a technical and operative contribution to the United Nations “Decade on Education for Sustainable Development” (2005-2014), aiding the development of a new generation of designers, responsible and able in the task of designing environmentally sustainable products. The book provides a comprehensive framework and a practical tool to support the design process. The book offers an organic vision of methodologies, tools and strategies for the integration of environmental requirements into product development. Possible strategies and design guidelines are highlighted, accompanied by a large selection of high-quality environmentally-aware product design case studies. “Design for Environmental Sustainability” is an important text for all students, designers and design engineers interested in product development processes.
