From Book 1: To the Yaguara, an ancient jaguar shape-shifting people living deep in the Amazon jungle, nothing matters more than strength. Iada is their champion; genetically pure, she has been trained since birth to fight. Her destiny is to become the next Queen of the Yaguara by winning the tournament of succession—a battle to the death.

Her opponent is Gabriel, a half-blooded outcast whose mother was human. To everyone's shock, he defeats Iada but does not strike the death blow—instead, he extends mercy, thereby claiming her as his mate.

Despite their enmity, the attraction between them is powerful, and soon they are mates in more than name only. Their mutual distrust serves only to fuel their passion—two champions bested only by their overpowering desire for each other.

But Gabriel has an agenda that threatens the most basic tenets of Yaguara society—and that will force Iada to choose between her people or her King.
