First Sergeant Chase McCormick isn't a chauvinist. But he does believe that women have no place in combat zones. Why? Because his men forget their training! They fall all over themselves trying to protect the women around them. As far as Chase is concerned, females belong in the bedroom, the home, the office. But not anywhere near Chase McCormick when he's on duty.

Too bad nobody mentioned that to gorgeous Elena de la Vega. She's been sent to Chase's remote outpost in northern Afghanistan.

*After* they'd shared a sizzling one-night stand!

Elena can handle herself. It's Chase who needs a directive on how to deal with his own wildly undisciplined sexual attraction to the woman! Because her presence is making short work of his hardened soldier training...and putting more than their hearts at risk.
