## **Il conformismo (Farsi un'idea) (Italian Edition)** Angelica Mucchi Faina

Tutto sommato il conformismo gode di una certa fama, almeno in parte, immeritata. Una certa condivisione del modo di pensare e agire degli altri è indispensabile nella vita di relazione. È quando si sposano idee e si adottano comportamenti anche in contrasto con il nostro intimo sentire, solo per stare dalla parte della maggioranza, che si entra nell'accezione negativa del termine. Ma qual è l'identikit psicologico del perfetto conformista, quali situazioni sociali sollecitano tale comportamento e quali culture lo premiano? E che dire dell'anticonformismo? Anch'esso ha il suo doppio: per aumentare la diversità tra sé e gli altri, si può essere tentati di rifiutare le idee del gruppo di appartenenza, pur sapendo che il gruppo ha ragione. Un libro che fa il punto su quanto la psicologia sociale ha scoperto di questo fenomeno.
