## **Fixed-Mobile Wireless Networks Convergence: Technologies, Solutions, Services** Joseph Ghetie

Do you need to understand the solutions that allow multimedia communications between mobile networks and fixed wireless communications? If so, this practical book, presenting the fundamentals of individual fixed and mobile wireless technologies in terms of architectures, standards, management capabilities and quality of service issues, is essential reading. Adopting the term Fixed-Mobile Convergence (FMC), an analysis of the interworking between cellular networks and a variety of wireless technologies, such as WLAN, WiMAX, RFID and UWB, is provided. An in-depth study of the convergent solutions offered by UMA and IMS is also given, together with up-to-date information about products, vendors and current service offerings. You'll also find criteria for analyzing and evaluating fixed-mobile convergent products and services, and numerous diagrams and feature/component tables. This practical text is ideal for engineers and practitioners in the field of telecommunications and wireless communications, as well as graduate students of electrical and computer engineering.

### **From reader reviews:**

#### **Stephanie Carlton:**

The actual book Fixed-Mobile Wireless Networks Convergence: Technologies, Solutions, Services will bring you to the new experience of reading the book. The author style to spell out the idea is very unique. Should you try to find new book to see, this book very appropriate to you. The book Fixed-Mobile Wireless Networks Convergence: Technologies, Solutions, Services is much recommended to you to see. You can also get the e-book from your official web site, so you can quicker to read the book.

#### **Stacy Perry:**

The e-book with title Fixed-Mobile Wireless Networks Convergence: Technologies, Solutions, Services contains a lot of information that you can find out it. You can get a lot of gain after read this book. This specific book exist new expertise the information that exist in this publication represented the condition of the world at this point. That is important to yo7u to know how the improvement of the world. This kind of book will bring you inside new era of the syndication. You can read the e-book on the smart phone, so you can read it anywhere you want.

#### **Gary Muldowney:**

Your reading 6th sense will not betray anyone, why because this Fixed-Mobile Wireless Networks Convergence: Technologies, Solutions, Services e-book written by well-known writer who knows well how to make book which can be understand by anyone who read the book. Written inside good manner for you, dripping every ideas and producing skill only for eliminate your current hunger then you still question Fixed-Mobile Wireless Networks Convergence: Technologies, Solutions, Services as good book not only by the cover but also by the content. This is one reserve that can break don't assess book by its handle, so do you still needing an additional sixth sense to pick this kind of!? Oh come on your reading sixth sense already said so why you have to listening to another sixth sense.

#### **William Luke:**

In this particular era which is the greater particular person or who has ability in doing something more are more treasured than other. Do you want to become among it? It is just simple way to have that. What you are related is just spending your time very little but quite enough to experience a look at some books. Among the books in the top collection in your reading list is usually Fixed-Mobile Wireless Networks Convergence: Technologies, Solutions, Services. This book that is certainly qualified as The Hungry Slopes can get you closer in becoming precious person. By looking upward and review this book you can get many advantages.
