**Philosophy: History and Readings: Philosophy: A Historical Survey with Essential Readings** Samuel Enoch Stumpf

This text brings together Stumpf and Fieser's *Socrates to Sartre and Beyond* with an updated anthology of readings in one volume. It offers an accessible historical survey of philosophical ideas and a wealth of primary source readings at an excellent value. The text is a comprehensive, historically organized introduction to philosophy which communicates the richness of the discipline and provides the student with a working knowledge of the development of Western philosophy. With a lively and approachable style it covers the principal contributions of Western civilization's most influential philosophers. The chronologically organised reader features a wide selection of readings of both Western philosophy and Eastern philosophy.
