Competitive Transformation of the Postal and Delivery Sector (Topics in Regulatory Economics and Policy)

Competitive Transformation of the Postal and Delivery Sector (Topics in Regulatory Economics and Policy)

Competitive Transformation of the Postal and Delivery Sector is an indispensable source of information and analysis on the current state of the postal and delivery sector. It offers current insights of leading researchers and practitioners into strategy and regulation as well as the economics of this sector. Issues addressed include national and international perspectives, financial viability, the universal service obligation, regulation, competition, entry, the role of scale and scope economies, the nature and role of cost and demand analysis in postal service, productivity, interaction of law and economics, human resources, transition and reform issues. The papers in the book were selected from the papers presented at the 11th Conference on Postal and Delivery Economics, Toledo, Spain, June 4-7, 2003.
