El libro nos habla de una economía al servicio de la vida. Este es el resultado de una investigación académica que se adentra en las redes de personas que construyen una economía sostenible, solidaria y descentralizada. Miles de intercambios con el objetivo de satisfacer las necesidades y los deseos de las personas dibujan una cultura que desafía las injusticias de nuestro mundo. Y nos inspiran con un nuevo sistema de creencias que aporta significados innovadores sobre el trabajo, que desafía el miedo, que trae nuevos sistemas de valor donde el precio no importa, que pone la creatividad en el centro de la actividad humana, que señala la necesidad de aprender a relacionarnos y a afrontar conflictos como clave para escenarios futuros, que rompe con el patriarcado y que denuncia la soledad a que nos condena el capitalismo. En medio de un sistema social y económico que se desmorona, este libro pone el foco en otras formas de vida que crecen con fuerza en todo el mundo para poder responder como sociedad a la preguntas de dónde, porqué y cómo se origina el cambio.
