The call and election of Israel goes back to the pre-mortal life, where it was based on individual faithfulness to gospel principles we were taught there. In essence, it was and is a covenant relationship - we made covenants with the Lord there that carry over to our present life. In this book, all of this and much more becomes not only a spiritual and intellectual education that interestingly imparts knowledge on a vital subject, but also a fascinating story that will make readers feel closer to their forefathers of millennia ago - in that sense turning the hearts of the children to the fathers. Even more important, it will inspire and help readers in their strivings to make their own calling and election sure.
